

# Echelon™ Series Heat Pumps

Every Moment Deserves Coleman® Comfort

HC6B Model 16 SEER

HEATING & AIR CONDITIONING

# Comfort for all the times of your life

## Get a great feeling

Your special moments deserve to be lived in full Coleman® Comfort. From breakfast time to family time to bed time, a new Coleman® system makes every day feel great!

## Comfort with a conscience

The Coleman® Echelon™ HC6B model proudly carries the ENERGY STAR® logo, awarded by the Department of Energy and the Environmental Protection

Agency for saving energy and the environment. You'll feel good knowing your Echelon™ unit is available with environmentally friendly R-410A refrigerant.

## Feel like a welcome neighbor

The sleek design of your Coleman® unit will complement your home's exterior. And its quiet operation will fit nicely into your neighborhood.

## A warranty you can count on

Our reliability really adds up with a lifetime limited compressor warranty on a matching Coleman® system consisting of a Coleman® AC/HP, Echelon™ furnace or air handler and Coleman® coil. (Non-matching Coleman® system reverts to a 10-year limited compressor warranty.)

\* For every 3 dB quieter, sound power is reduced 50%!

## Less noise, more comfort

Enjoy peace and quiet with your Echelon™ unit's sound-damping design and WhisperDrive™ System. We use the quietest compressor available and enclose it in an isolated, composite cabinet. Sleek fan design and smooth air flow make an Echelon™ HC6B heat pump so quiet, you may never notice it running.

## Feel the heat

Unlike standard heat pumps, this model incorporates "Hot Heat Pump" technology to deliver warmer air rather than initial cold drafts.

# Coleman® Echelon™ Series

## Savings you can see

Advanced Echelon™ heat pumps double efficiency over many older units. Factor in higher reliability and reduced service costs, and an Echelon™ purchase pays for itself fast.

### To use the map and chart:

First, determine the SEER of your current system. Then using the map, find your zone. Cross-reference your zone and SEER in the table to determine your approximate operating cost. Take the difference between your current cost and that of a new, more efficient system to learn your estimated annual savings.

**Seasonal Energy Efficiency Ratio (SEER)** is a measure of air-cooling efficiency. The government's minimum rating for new air conditioning systems is 13 SEER.

**Heating Seasonal Performance Factor (HSPF)** is a measure of air-heating efficiency. A higher HSPF rating indicates a more energy efficient unit.

Cooling/Heating Efficiencies SEER/HSPF	Approximate Annual Cooling/Heating Operating Costs				
	Zone 1	Zone 2	Zone 3	Zone 4	Zone 5
6/6.0	\$2,036	\$1,888	\$1,954	\$1,945	\$1,965
8/6.5	\$1,796	\$1,637	\$1,660	\$1,646	\$1,578
10/7.5	\$1,533	\$1,388	\$1,461	\$1,445	\$1,300
12/8.0	\$1,407	\$1,262	\$1,258	\$1,243	\$1,134
13/9.7	\$1,324	\$1,187	\$1,181	\$1,166	\$1,059
14/9.7	\$1,243	\$1,112	\$1,104	\$1,091	\$ 986
16/9.0	\$1,168	\$1,030	\$1,010	\$ 979	\$ 867

(Based on 2005 DOE national average price for electricity [0.0945/kwh]. Assuming the use of 36,000 BTU nominal capacity. Information derived using Elite Energy Audit Program. Cooling based on Bin data. Operating cost based on 2,100 sq. ft. and occupancy of 4 people. Actual savings may vary.)

### Example:

**\$1,965 – \$867 = \$1,098**

(Your estimated annual savings)

**That's a savings of 56%!**

Example is based on the difference between a 6 SEER three-ton unit and a 16 SEER unit in zone 5.

## Rugged, reliable product design

Powder painted steel for long-term durability in the harshest environments

Slotted inlet coil guard provides the ultimate in coil protection

Designed for easier access to all components for faster and more economical serviceability

Available with environmentally friendly R-410A refrigerant

### Coleman® Echelon™ Residential Communicating Control

Enjoy the simplicity and precision of the attractive Communicating Control touch screen to monitor system activity for added protection and peace of mind.

## WhisperDrive™

The WhisperDrive™ System utilizes a swept-wing fan design, isolated compressor compartment, composite base pan and high-efficiency compressor technology to provide quieter operation and more energy efficient performance.

New fan guard design yields quieter and more efficient operation

Isolated compressor compartment reduces noise

State-of-the-art compressor\* combines ultra-reliability and efficiency with quiet operation

Composite base pan distributes and dampens sound

Demand defrost provides complete system control

\* The HC6B060F3 model utilizes a two-stage compressor.

## Warrantied for years of comfort

Every Coleman® system is backed with the best limited warranties available:

### Standard Warranty

10 years on parts\*  
10 years on compressor.

\*Must be registered online within 90 days of installation—otherwise the parts warranty reverts to a 5-year limited parts warranty.

### HC6B Total Package Warranty

(with purchase of approved matching furnace or air handler and coil)

Up to 10 years on parts,  
lifetime on compressor.

## Financing plans that feel right

Ask your Coleman® HVAC Dealer about special financing options. Applying is easy, and upon approval, you'll enjoy low monthly payments and financing offers.

## How comfortable is your wallet?

By matching your Coleman® system with Coleman® variable-speed air handlers and furnaces, you will maximize energy efficiency and likely qualify for various rebates.

Ask your Coleman® Dealer about rebates offered in your area. And ask about Coleman® fans, filters, IAQ equipment and advanced controls to complete your system. Talking to your dealer will keep you informed, save you money and time, and protect your family's health—all part of Coleman® Comfort.

## Visit our website

Learn how Coleman® products can improve your home comfort at [www.colemanac.com](http://www.colemanac.com). Our website is the perfect place to get acquainted with our wide range of products.

## Have your Coleman® Dealer specify the system that performs best for your home

### Echelon™ HC6B Model Heat Pumps

Model	Nominal Cooling MBH	Cooling* SEER (EER)	Heating MBH 47°	Heating HSPF	Dimensions (inches)			Operating Weight (lbs.)
					Height	Width	Depth	
HC6B024	24	15.0 (12.5)	24.0	9.0	39-1/2	37	31	199
HC6B030	30	16.0 (13.0)	30.0	9.0	39-1/2	42	34	228
HC6B036	36	15.0 (12.5)	36.6	9.0	39-1/2	42	34	230
HC6B042	42	15.0 (12.5)	38.0	9.0	39-1/2	42	34	234
HC6B048	48	15.0 (12.5)	48.0	9.0	39-1/2	42	34	283
HC6B060	60	15.0 (12.1)	58.0	9.0	39-1/2	42	34	298

\* Ratings achieved by using Coleman® variable-speed air handlers and furnaces.

The Echelon™ HC6B model meets ENERGY STAR® requirements for energy efficiency.
